Message

The world is on continuous change – and we have to - or automatically - accommodate on it. If we learn and understand the connexions, we can act accordingly. Take the success and – sometimes – the challenge.

Exhibition reflects very well the current economic situation, technical development, confidence of the future, yet by all means it has human preferences / customer behavior. And the statistics, – mainly analyze of longer periods and different approach – is very useful to see the changes and act accordingly. Fit and form –and ENJOY it!

CENTREX International Exhibition Statistics Union, the non-profit transparency platform of Central European exhibition organizers' since 1997 is proud to present her 17th review of audited exhibition statistics based on jointly implemented international industry standards.

In 2014 the members of the Union, key partner Polish Chamber of Exhibition Industry with all their members, and two guests organizers Adriatic Fair Budva (Montenegro) and Murator Expo Warsaw – has been again able to set the rigorous transparency regulations in motion, supervised the relevant visitor, exhibitor and exhibition space data – those instituting the market values of the trade fairs in the international competition.

Altogether 311 trade fairs have been brought under the process - the figures have been thoroughly analyzed, supervised and audited by our professionals and our allied partners under the same methodology, directives and indicators – to fully comply with demand from our visitor and exhibitor partners, industry associations, public.

EXHIBITION STATISTICS AND AUDITING RULES

VISITORS

Number of visitors is calculated on evidence. Number of paying visitors is established through financial evidence: number of sold tickets (prepaid or on the spot) and number of tickets/entry passes paid by the exhibitor or a third party. Season tickets sold are calculated as reasonable. Visitor number of family tickets are calculated as 4 visitors. Persons arriving with vouchers, registration cards or similar valid free passes, tickets can be counted as visitors only if evidence is available. Number of foreign visitors is established either by tickets sold out at special counters for foreigners, filled in-registration cards with evidence of the foreign origin of the visitor or through representative visitor surveys.

NUMBER OF VISITS

The number of visits can be established with evidences of re-visits of the visitors. If no evidence of re-visits occurred one visit per visitor was presumed therefore the number of visits equals to the number of visitors.

SPACE

The contracted space refers only to the area occupied by exhibitors. It corresponds to the number of square meters invoiced and paid for by these exhibitors. Surface areas given under agreements, barter deals are also counted as contracted. Contracted space is divided up in indoors and outdoors rented by exhibitors. Special show space is where performances, shows, lectures, contests, it relates to the theme of the exhibition and it constitutes part of total net exhibition space.

EXHIBITORS

An exhibitor with his own stand (direct exhibitor) is one who occupies a stand for his company, receives the bill from the exhibition organiser and settles it directly. Co-exhibitors at an exhibitor's stand or participants at a collective stand are also considered as exhibitors for statistical purposes if they exhibit their own goods employing their own personnel on the exhibitor's stand and their autonomy can be undoubtedly recognised even without physical separation. The nature of the participation and the identity of each exhibitor at the stand should be undoubtedly clear from the application form sent to the exhibition organiser.

MULTINATIONAL COMPANIES (AS SUBCATEGORY OF DOMESTIC EXHIBITORS)

NEW!

To arrive to a better sophistication of international character of supply at the trade fairs a new category is being initiated: a multinational corporation (MNC) is a corporation or enterprise that manages production or delivers services in more than one country. Information from the exhibitor must come on the application form.
